# Guest-Ready Home Plan

Choose what matters. Separate household prep from booked cleaning.

**Guests arrive:** _____

**Rooms guests will use:** _____

**My top three priorities:** _____

## 1 About a week before

- ☐ Walk through the entry, living area, kitchen and guest bathroom. Choose your priorities.
- ☐ Decide who will put away belongings, prepare guest linens and handle food or decorations.
- ☐ If requesting cleaning, share the home size, current condition, last professional clean and guest-arrival date. Confirm the checklist, extras and timing.

## 2 Before a booked clean

- ☐ Clear the counters and floors you want cleaned. Put away personal items and valuables.
- ☐ Share parking, elevator, entry and pet instructions. Flag delicate surfaces and areas to leave alone.
- ☐ Ask separately about oven or fridge interiors in an occupied home. They are paid add-ons, not automatically included in a deep clean.

## 3 The day before guests arrive

- ☐ Set out towels, toilet paper and guest bedding. Put away household items you do not want left out.
- ☐ Review your priorities. Handle new spills and everyday tidying after the cleaning visit.

## 4 After the gathering

- ☐ Put away food, dishes, decorations and personal belongings.
- ☐ Decide whether you need a one-time clean or ongoing help. Describe the current condition when arranging another visit.

**Want help with the cleaning?** Share your home details and preferred date. We confirm the work, price and availability before booking.
